

EXHIBIT  
18

**Lance Wood**

I was so looking forward to my new Car Port from you folks I order about a month ago. I had to cancel and will not be putting one up. The order as I am afraid it may upset some folks at woodland lakes. I really do not need anymore problems then I already have there. I am sorry about this and you can keep the deposit. Just at this time I can not go forth with the order of the car port. You reputation with the board may rub off to me or any other customers. Please note this is not personal.
